# MEET OLD FRIENDS

MEET OLD FRIENDS

HE BEAUTY of the flowers has made us friends. I want to thank you all for last year's business. It was all I could attend to, and I hope you were so pleased you will be with us this year. I will try and give you value in full. In fact, one of my greatest pleasures is to supply good bulbs and plants at lower prices than many, and to this end, I keep over-head expenses down. See to it myself, print this price that, watch for good buys or new stock. I am no world-beater, I don't grow 10 acres of flowers, nor buy new novelties at crazy prices, but let the other fellow experiment. Am satisfied with varieties giving satisfaction now after being tested. (Don't want you to do the testing) and are now offered at fair prices. We add a few each year.

A small investment in Gladioli, Dahlias or perennials, the price of a few movies; will give you a bed of beautiful flowers in your own yard which each morning will make a more beautiful show of color than the hand of man has ever been able to produce and at the end of the season you will have twice as many as you started with.

TERMS: All bulbs, plants, light shrubs and small trees under 1ft., at prices herein listed, send PREPAID, ANYWHERE east of Mississippi river.

Heavy Shrubs, Evergreen hedge and trees or special wholesale priced lots boxed free, sent by Express collect. or

Little risk in sending money by letter. Use stamps for less than \$1.00, but check or money order are better.

We are too poor to do other than a cash business and to protect you, guarantee you value for every cent sent us. If anything is not received right or in good shape, if you notify us AT ONCE, we will try to please you and make it right. We are not perfect, not as good as we were 40 years ago, but we can and do give satisfaction. But please remember after goods have been shipped in good shape, I can't be responsible for them or the resulting crop. It's up to you in the planting and care. I will do all I can to help you and I know I please you or lose you. If you wish insurance or special delivery, please add for it. Please make your order at least \$1.00 or larger. On larger orders we give some extras, but not on \$1.00 orders as they cost us on an average of 33 cents to do up and prepay, leaving 67c for the goods. While a \$3.00 order averages 50c to do up and prepay, while 3 \$1.00 orders cost 99c. A saving of 49c, and the highest half will be sent you in extras. Now for the greatest garden of your life!

# **GLADIOLUS**

We grade in three sizes—Large, Medium and Small. Prices quoted are on medium, the surest to give fine bloom and large increases in bulblets.

You can have largest size, one and one-half to two inch at one-third more. Or the smaller ¾ inch and less, most of which will bloom ¼ less. You may select five kinds, 20 of each to make 100, single one ½ the price of 3. Dozen prices, 3 times price of 3. You pay for 9 and get 12.

QUEEN	ALEXAND	RA, C.	Orange	18

California Dahlia Seedlings, from a special Dahlia Hybridizer, 90% double, many superior to named ones you can't invest \$1.00 and get such a quantity of fine flowers any other way. All different, 12 for \$1.00, will surprise you.

If you want dahlias cheaper than begging from your neighbor, I will send you 15 of a general mixture for \$1.00 prepaid.

Another thing, don't suppose the high priced ones are the only good ones. Values are regulated more by scarcity than quality. Next year high priced ones will be cheaper. Another thing, don't think size is the main thing. If it is, grow sunflowers.

The beauty lies in the delicate tints, wonderful shades, beautiful formation of petals, the strong stem and bold carriage, vigor, ability to produce quantity of flowers.

### **PEONIES**

Prices for good strong division 2-5 eyed, always a good root, 20% less in dozens of 1 kind, 4 of one kind for 3 times price of one.

La Vogue, Mauve
Pantheon, Crimson, Pink
Miss Jenkins, early white
Rising Sun, new Salmon, fine
Widar, Redish Violet, showy
Fancy Pfleideren, new Pink
General mixture of varieties, 10 for 1.00
Can be transplanted any time during the year.

### ANNUAL FLOWERING PLANTS

ANNUAL FLOWERING PLANTS

ANNUAL PLANTS, are those that grow, bloom and die in one year, these are the ones, we all are in a hurry to get planted in the Spring, must require heat under glass to start early.

There is a great difference in plants. Some people look at the top only. Experienced men look at the root. These things you can see, but the quality of the seed and strain you see only after it is in bloom. While your local condition may spoil good seed without good strains, you can not expect the best. We all have to trust some one in regard to the seed, experience has been a valuable teacher.

The different prices quoted for plants is for the work put on them. Seedings are the cheapest, because less work. Transplanted cost twice as much while they both come from the same seed. They are later, have a big root system, transplanted safer, grow quicker, but crop may be no better than from seedlings, if you give them a little care. So when Asters are quoted at 15c per doz., \$1.00 per 100, don't expect large, fine looking plants. You will get well hardened wiry 3 to 4 in. plants., best way is to set them close, 3 or 4 inches apart, in good soil shade and water 10 days, 2 weeks and then set out permanently. You then have what we send as transplanted plants. The seedlings can be sent earlier. Transplanted ones later, this applies to all, flower and vegetable. S. means seedlings and T. transplanted.
